## Ten Steps to Creating Safe Environments

DURATION: 3 HOURS ONLINE

# BUILD SAFER ORGANIZATIONS AND STRONGER COMMUNITIES IN 10 STEPS

Violence has devastating consequences – for today and tomorrow. It is predictable, therefore preventable. Ten Steps shows the way.

**Ten Steps to Creating Safe Environments** is a dynamic online educational program that helps organizations and communities prevent and respond to violence. The Ten Steps course offers concrete action steps that are part of a process to reduce the risk of violence and increase protection within organizations and communities. Participants will learn to:

- Understand the problem of violence and abuse
- Assess and manage risks
- Develop appropriate policies and procedures to help create safe environments

The **Ten Steps to Creating Safe Environments** course is user-friendly and provides the following benefits:

- Saves progress in convenient format so users can complete the course at their own pace
- Leads participants through a process that can be applied to their own organization
- Provides resources and tools to help create safe environments
